## LOCAL BREVITIES.

The dog store is being treated to a coat of paint.

The summer visitors are arriving in great numbers.

Considerable hay was damaged by the heavy rains of last week.

FOR SALE—A good single buggy and harness. Apply at this office.

The wheat crop is harvested and threshing has commenced. The yield generally is very satisfactory.

FOR SALE—A good gentle family horse and park wagon. Also a fresh milch cow. Apply at once to Sam. Andrews, Arcadia.

There will be a congregational meeting at the Presbyterian church Sunday, July 21st, to elect officers to fill vacancies. All members are requested to be present.

The institute duly commenced its labors last Tuesday, and the teachers enrolled now number about forty. The session promises to be a most interesting one.

Burglars last Monday night effected an entrance into McCann's store through a rear window and stole a lot of tobacco, cigars and crackers. There is no clue to the burglars.

Second Quarterly Conference of the M. E. Church will convene at 2:30 o'clock P. M., Saturday, July 16. Preaching Saturday night and Sunday at 11 A. M., and 8 P. M. at night.

Mr. Socrates Newman arrived in the Valley last week and is now safely domiciled in his lovely summer home. He promises to become one of the most enthusiastic of all our summer visitors.

The son of Mr. Thomson accidentally shot himself through the hand with a revolver at "Valley Home" on Wednesday of last week. While the wound is not serious it is rather painful, but the young man promises to be all right again in due time.

One of the most agreeable, accommodating trustworthy men on the road is Conductor Hall of the Arcadia train. He is never too busy to attend to the wants and comforts of his passengers, and, in consequence, is a very popular man with the traveling public.

Frank Johnson, who lives on the Fredericktown road, has just bought a traction engine and threshing, and is now busy at work in the adjoining valley threshing wheat. The engine and threshing cost about \$1,600 and was purchased through Mr. H. H. Kiddle.

Rev. W. E. Boggs, ex-President of Bellevue Collegiate Institute, will deliver a lecture at the Academy of Music next Friday evening, for the edification of the teachers attending the institute in particular and the public in general. Admission, free; all cordially invited to attend.

Misses M. Dobbins, C. Martine, A. Kendal, G. Muffley, S. McCoun and Messrs. W. R. Kendal, W. C. Beard, E. Fairchild, J. Clark and W. Newman spent Thursday last at the Silver Mines. They report a very pleasant day, notwithstanding the return was inconvenient by a heavy rain.

The daughter of Mr. Socrates Newman met with quite a serious and painful accident yesterday afternoon while horseback riding near Goulding's Park. The animal stumbled and fell with the young lady's limb underneath. A dislocated hip and several severe bruises resulted. At this writing, however, the sufferer is resting as well as could be expected, and it is hoped will recover in due time.

The barbecue and picnic on the 4th of July given by the colored people at Dinger's Park was a complete success and netted almost \$70 for the church fund. Large delegations were in attendance from Farmington, Fredericktown, Poplar Bluff and other points, and all enjoyed the day immensely. A colored band from De Soto added considerable to the occasion and carried the crowd with it. The managers have every reason to feel good over the success that crowned their efforts.

The county court at its last session made an appropriation of \$2,000 to repair the damages inflicted on the roads by the recent freshets. The roadworkers are hard at work and are putting in some good licks, too.

The City Marshal desires us to inform those parties who have not yet paid their dog tax that they must do so without delay or suffer additional costs and penalty. It is the Marshal's intention to proceed against all delinquents immediately, and he is determined that none shall escape. So walk up at once and pay.

While on a recent visit to Ironton, Rev. R. W. Mason, of De Soto, preached a sermon in the Presbyterian church. His talk was a most entertaining, interesting and eloquent one. Everybody was delighted and pleased, and the reverend gentleman added a long list to his legion of admirers in the Valley. We hope to have him often with us.

Owing to the rush and dissipation attendant on the 4th of July, the Register last week failed to mention the marriage of Mr. R. Fox, of Centerville, and Miss Maria Russell, of this Valley, which occurred at the Judge's home on Wednesday evening, June 29th, 1892. Rev. R. W. Mason of De Soto officiating. To the happy and deserving couple the REGISTER tenders its best congratulations and joins their many friends in wishing them a long and uninterrupted life of bliss and prosperity. May heaven's rarest blessings be theirs and no shadow ever darken the sunlight of their way.

There is a species of petty larceny at present being practiced in this town that should be stopped and stopped at once. The small children of two or three indigent families of the North End daily visit residences in the different parts of the town, and, in the absence of the occupants, find some mode of getting into the house and taking whatever they may capture their fancy. The practice has become so common that it is very annoying, indeed, and steps should be taken to put an end to it at once. The offenders themselves are mostly too young to be dealt with harshly, but they should be taken in charge and placed where they can be kept under subjection. We trust the matter will be attended to without further delay.

"Isaac" assumes to speak by the card in regard to the Congressional race. If he is as far "off" in reference to Wayne as he is regarding the lower end of Iron, we rest content. The Pluck Me Store System captures a few interested persons, but not the whole people—not the whole people, by a darned sight. "Uncle Isaac" if he lost a fine practice in order to beat Kinsey what did that benefit the people, if he (Byrnes) continued to serve the corporations instead of devoting his time and ability to the good of his constituents? How much of his "fine practice" did he sacrifice when he went to Jefferson City as the hired attorney of a corporation to lobby in favor of the Pluck Me Store system? "When it comes to voting," a representative, if he be honest and square, will not set his judgment against the expressed will of his whole constituency; he will resign his trust, rather than do that. He will resume his "fine practice" rather than try to again represent a people with whom he is not in accord. For our part we want him to resume that "fine practice," and, as quickly as possible, recover from the corporations whose legal advisors the firm of Dinning & Byrnes continue to be, the money he "spent to canvass the district" two years ago.

Messrs. Boag & Russell, who lately purchased the Lotz farm east of town, have, within the past few weeks, lost twenty-five or thirty head of sheep. The afflicted animals would at first become thin, emaciated, and gradually die, evidently from sheer want of vigor and animation. Some time was spent trying to locate the nature of the disease, but it could not be determined, and the facts were laid before the State Veterinarian, with a request that he come and make a diagnosis. Dr. F. E. White, of Sodalita, deputy State Veterinarian, arrived Monday and that afternoon visited the farm. On killing one of the afflicted animals and after a careful examination he pronounced the trouble parasitic bronchitis. It is an affection of the bronchial tubes and the lungs, caused by a very diminutive worm. The germ is in the field in the shape of very small eggs. The parasite first infects the sheep through the bronchial tubes, thence to the lungs and in the intestines generally. Their presence can be detected by a general lack of life in the diseased animal, and a great reduction in the supply of wool. The trouble is not a common one, but is very rare. There are remedies, and, if applied in time, will prove effective. Messrs. Boag & Russell have about two hundred sheep yet in the flock and they are in hopes of still saving them. Dr. White returned to his home Tuesday.

In company with a number of Iron-tonians a REGISTER representative attended the Democratic mass meeting at Fredericktown last Saturday. The crowd was a big one, the voters present numbering almost six hundred. The fight was in regard to the selection of delegates to the state convention, whether they should be Dalton or anti-Dalton. The latter carried the day, however, by a large majority, and secured the delegation. The assembly was a well-behaved one and all passed off in the best of order. Thos. Horn, the member of the congressional committee from Madison county, had also issued a call to select congressional delegates the same day. M. E. Jackson, chairman of the county central committee, however, very rightly denied Mr. Horn's authority, and afterwards promulgated a call to choose the congressional delegates by township meetings throughout the county on August 6th. After the delegates to the state convention had been selected, Mr. Horn addressed the crowd and said he had agreed to defer to the county Central Committee and the selection of delegates would be postponed to August 6th. Mr. Edgar undoubtedly had a majority in the mass meeting and would certainly have carried the day had the delegates been chosen on this occasion. We are pleased to say, however, that his prospects next month promise equally as well.

## Iron County F. & L. U.

The Iron County F. & L. U. will meet in Ironton, Missouri, on Monday, August 1st, 1892, at 2:30 P. M. The meeting is called at this time in order to make arrangements for the district meeting which is to meet in Ironton August 2d, 1892. It is important that every sub-union in Iron County should be represented in the district meeting as the election of officers will take place at this time. Wm. RUDDOCK, Pres't. J. B. HOLLOMAN, Sec'y.

## Pilot Knob Items.

Will J. Biel, a Pilot Knob boy, who passed the Civil Service examination in April, 1891, has been appointed and assigned to duty on the Wabash, between St. Louis and Moberly.

A dispatch was received here last Friday announcing the death of J. J. Tierney at Salida, Col. Mr. T. was a native of this place and for several years was our station agent. He was rapidly promoted and was holding the time of his death the responsible position of train dispatcher on the M. & T. R. R. Last fall his employers gave him a leave of absence and he went to Colorado for his health, thinking perhaps he might be benefited by a change of climate. His remains will be interred at Potosi, Mo.

Henry Von Roden of Louisville, Ky., is spending a vacation at his old home with his mother. He returns to Louisville next Friday.

Miss Annie Coad was married Monday morning last to Ed. Nolan of Graniteville. The ceremony took place at the Catholic church, Rev. Father Werner officiating.

One day last week the universal small boy raised a rumpus about Jo Stafford's livery. Upon being requested to desist he and where our town people proceeded to interview him after the manner recommended by King Solomon. Result—Jo arrested for assault and battery and fined one dollar and costs. Result No. 2—Small boy arrested for disturbance of the peace and fined one dollar and costs, and not having the small change wherewith to liquidate, he will languish some twenty days in jail. Moral—Small boys (and big ones as well) behave yourselves.

Misses Fairchild, Ottenat, Haller and Lopez of Ironton visited numerous friends at this place last Monday. We are glad that there is some attraction in P. K. for the young ladies and hope this will not be their last visit. X.

## Graniteville Items.

Now that the glorious 4th has come and gone, it would not be out of way to state how and where our town people observed our Nation's 116th Anniversary. Several of which went to St. Louis, are as follows: Mr. and Mrs. George Donald, Mr. and Mrs. David Archie, Sr., Messrs. Gilbert Phillips, George Murray, George and Samuel Matson, Wm. Hughes and a few others whose names we were unable to get. A large crowd attended the barbecue and picnic at Ironton. Quite a crowd gathered there to see the contest, and the Iron Mountain dam, where, it is said, a royal good time was had. It is needless to say everybody enjoyed the day hugely. Even those who remained at home expressed themselves of having spent the day in perfect enjoyment, and, although a week has elapsed since the great day, there are yet fragments and effects of the day still seen in this vicinity.

Trade was at a standstill, with the exception of one day. We did manage to labor last Thursday. The matter of the lease question is now a settled fact with the S. G. Co., and they are preparing to do business on an extensive plan. They are putting in a large tract scale of the Howe patent, with a weighing capacity of 75 tons, and in the future, we are sure, everything is to be weighed, whether in a rough or finished state. It is now only a question of time when the sound of the chisel and hammer will be heard as of yore.

On last Wednesday evening two little boys, aged 10 and 7 years respectively, of Albert Douglas, while playing with a pistol, loaded with a defective cartridge and in the hands of the younger brother, accidentally pointing toward the elder one when it was discharged, the ball lodging in the little fellow's head. He is still living, but, it is said, is in a critical condition.

Little Edith Davis of Pilot Knob has been visiting in town the past several days, the guest of Miss Ora Graham. Messrs. Wm. and Jas. Hume, Alex. Graham, Jas. McLaren, Alex. Petrie, Ed. Taylor, Henry W. Kinsley and Jack Riley came over from Sycamore to spend the 4th with their families and friends in town.

Mrs. Hartman and little granddaughters, Louisa Larson and Mamie Kerwin, will leave to-morrow for a month's visit to her daughter in North Dakota.

Mrs. T. F. Walsh will leave Wednesday for a few weeks' visit to relatives in Chicago.

Rev. O. W. Rose left Tuesday for a two weeks' stay with home folks in New York State, where his father is quite ill.

Prof. Ira Kneiss has returned to his collegiate studies in St. Louis, after a few days' visit here in parental circles.

Rev. J. Nelson filled his regular monthly appointment in town yesterday, discoursing to a goodly filled house.

A wedding on the programme to-day. Will give full particulars in our next. George Whitman and family have moved into one of Kerchner's houses in Happy Hollow.

Michael Foley, Sr., has built quite an addition to one of his Ghermanville houses, that adds much to the looks of his block. Mr. Ed. Nolan will occupy the newly refitted property, the sequel of which will be given later on.

Billy O'Brien was confined to his bed most all last week, and on Saturday, accompanied by his sister, Mrs. Mike Shea, went to Mullaphy Hospital to consult Dr. Carson.

Mr. Thos. Holmes is reported as no better and hopes for his recovery are doubtful.

Andrew Sheehan, of the firm of Lopez & Sheehan Bros., returned home from the city Sunday, where he had been on business.

Mr. and Mrs. Bud Swiney of Farmington spent Sunday in our vicinity. It is rumored that the S. G. Co. will

erect a band stand and dance platform and contemplate preparing a base ball park in the near future, which, we hope, will be a matter of reality.

Our base ball team, under the captaincy of Alex. Archie, went to Bismarck yesterday and crossed bats with the Reds of that town and received a fearful drubbing, mostly through the rotten decisions of the umpire, by a score of 33 to 20. The honors so far as victories and defeats are concerned between the two teams are now equally divided, yet it is the Brown's first defeat for several years past.

An object lesson on McKinley protection for American industries is now being given from the Homestead riot of last Wednesday at the Carnegie Steel Works between the Pinkerton thugs and 3,000 locked out laborers at Homestead, Pa., and a lesson too, that will be well studied and properly delivered on the first Tuesday of next November. Mark our words and see if the result of last Wednesday's tragic occurrence on the Monongahela river is not the fruits of tariff protection.

## Annapolis News.

Ed. Register—W. R. Lense is at home from Colorado, where he has been on a pleasure trip. He was well pleased with the country and had a good time.

Mrs. Joseph Pierce, formerly of this place, but now living at De Soto, is visiting relatives and friends here.

Ed. Seales was sworn in as marshal of Annapolis Tuesday, and assumed the duties of the office at once. We feel confident that Mr. Seales will make an excellent officer.

Dell Evans is in town again.

There is talk of prospecting in a substantial manner near Annapolis. Let the good work go on. A stock company ought to be organized to run a diamond drill. A few hundred dollars spent in this way might result in very great benefits to our town. Those who would be most benefited should make the start.

Young Mr. Clarkson is visiting in Annapolis.

Guy McHenry filled the regular appointment of Rev. Mills this evening. That was the first indication we had that Mr. McHenry was in the ministry. The sermon was an excellent one, and we congratulate Mr. McHenry and wish him continued success and prosperity.

Mrs. Hackworth moved to the property lately occupied by Wm. Francis, who moved to Sabula.

Mrs. J. S. Benson has bought the property where Mr. Hackworth lived, and is going to have the house torn down and will attach the grounds to the hotel grounds. MURPHY.

## News From Des Arc.

The 4th passed off quietly here. Our crowd differed, some went to Piedmont and some to Ironton.

Miss Mabel Davis, of Ironton, spent part of last week here visiting friends. That was the first indication we had that Miss Davis was in the city. She was the guest of Mrs. G. W. Morris and sister, Miss Cora Fitz.

Mrs. E. Myers, of Piedmont, visited her parents here last week.

Mrs. Lizzie Nation, of Sulphur Springs, is on a visit to see her mother, Mrs. Loyd.

Misses Allie and Iola Fitz are entertaining their little friend, Miss May Gay, of Ironton.

Mr. Geo. Webster, of Piedmont, accompanied by Mrs. Webb, spent Sunday with her parents, Mr. and Mrs. Berryman.

Mr. Ed. Clarkson, who has been visiting Mr. J. C. Morris of this place for the last two weeks, departed for Irondale last Friday, where he will visit his grandparents, Mr. and Mrs. Robinson.

Mrs. W. H. Collins, of St. Louis, has been visiting the family of Mr. Chas. Collins, returned to her home in Poplar Bluff last Friday.

Mrs. Spencer Farr, who has been suffering with consumption for the last few years, died at her home June 30th. May God comfort the bereaved ones who mourn her loss.

There seems to be quite a little stir as to who will be the successful candidate in the congressional race for the nomination. Well, I have conversed with a good many voters in and around this town, and I believe every one to a man favors the nomination of Burns for several reasons: 1st, he lost a fine practice in order to beat Kinsey. 2d, he worked hard, spent money and time to canvass the district; and several other reasons too numerous to mention, and, taking everything into consideration, it is nothing more than right to give it to him; although some think he ought to have voted for Mills, and that he opposed Cleveland's nomination, but he has never opposed Cleveland, and as for voting for Mills his better judgment caused him to support Crisp. And I would not give a cent for a man that will not exercise his own judgment when it comes to voting. He will, however, get the nomination for Burns and Clardy, with their influence, will come to his aid, while Washington, Jefferson, Reynolds and Wayne will endorse him. ISAAC.

July 11th, 1892.

## Goodwater Happenings.

Ed. Register—After refreshing showers on the 17th ult., a furious windstorm accompanied by a hard beating rain, passed over this section.

Corn and vegetables are growing finely.

Wheat harvest is over and oats and hay harvest in progress hereabouts. The acreage of wheat in this section was unusually small this year, owing to the unremunerative yield of that cereal in this locality for a number of years past. Oats are generally doing good considering the lateness of the past spring. Meadows are turning off well.

Livestock of all kinds are doing well, as the range is fine, owing to the abundant rains of the past two months.

Mr. Rodach, of Middlebrook was here recently on business connected with the W. T. Crocker farm and mill which he bought at trustee's sale some time ago.

Mr. N. T. Crocker's family, and Henry Nelson and Benjamin Midgett and their families, left here on the 19th ult., en route to Montana to join Mr. Crocker and his sons, John and Albert Crocker, who left here recently.

Mr. Geo. W. Love and family, who for some time resided in Perry county, removed to near Salem last week. It is said that George has secured a position in the store of his uncle, Mr. Wm. Love, of the above named town.

Mr. and Mrs. F. M. Anderson, Jr., of Steelville, are visiting relatives near here.

Mr. and Mrs. Dill Cottrell, of near Howe's mill, Dent county, were in this vicinity last week on a visit to Mrs. Cottrell's mother, Mrs. D. S. Love, and other relatives.

Mr. Morgan H. Scott, who was employed near Mineral Point, has returned home.

Messrs. Wm. Carl and Jas. H. Alcorn, it is said, have bought a new threshing machine; it is also said that they have gone to the neighborhood of Belgrade to begin threshing at once.

Mr. W. S. Parrot, of near Cherryville, Crawford county, has been engaged to teach the public school of this district. He passed through this neighborhood last Monday on his way to Ironton to attend the "Institute."

Last night a steady, ground-soaking rain fell throughout this section of country. It has rained considerably to-day and more rain is in prospect. July 8th, 1892. R. E.

## Personal.

Dr. E. W. Bliss and wife of Potosi, Dr. Malcolm A. Bliss and wife of Farmington and Mr. L. B. True and wife and Mr. Thos. Cheatham of De Soto were guests of Mr. and Mrs. Sam. Andrews in Arcadia last week.
